April 5, 2021

On Sunday, April 4, 2021, while sitting stationary at the junction of Jones Road, Red Eye and Blackwell Road, Harrison County Deputies observed a Red Honda with a faulty exhaust pull over. Upon investigation, Deputies found through the Tuscarawas Sheriff's Office that the occupant, Maria Flickinger, had an active warrant of Drug Possession out of their court. Ms. Flickinger was placed under arrest. A search of the vehicle found methamphetamine which was confirmed by the tactic ID. Weight was 2.26 grams. She also was in possession of two other bags, one containing a grey substance and one brown substance in color. Also found was one bag of pills which she stated were "Molly" also known as Ecstasy. All drugs were processed into evidence in order to be taken to the drug lab for analysis. Ms. Flickinger was transported and booked into the Harrison County Jail awaiting County Court for her arrangement on Monday where she was placed on a \$2,500 or 10% bond.

Sheriff Joe Myers would like to thank his deputies for job well done in law enforcement's efforts to keep dangerous drugs out of our communities.
